creative thinking that...

...makes
an impact

PROF. ROWSEY'S 56 FEET DIVE,
ON A MEADS CYCLE,
SOUTHPORT PIER.

Hello

Bro is a multi-disciplined design studio, based in Southport.

Creative thinking that achieves positive results, helping you to grow is our goal – and we have a great team in place to help you get there.

The following pages contain a selection of the projects we regularly get involved in and the services we offer.

Design & Print

The key to a successful brand image is continuity. The printed items that you give to potential customers should reflect your brand, reinforcing the quality of service you offer.

We can help you achieve this, as we offer a complete service. From design and layout, through to the creation of press-ready artwork.

We can also facilitate all your print requirements and give great advice on how to get the most impact with your printed collateral.

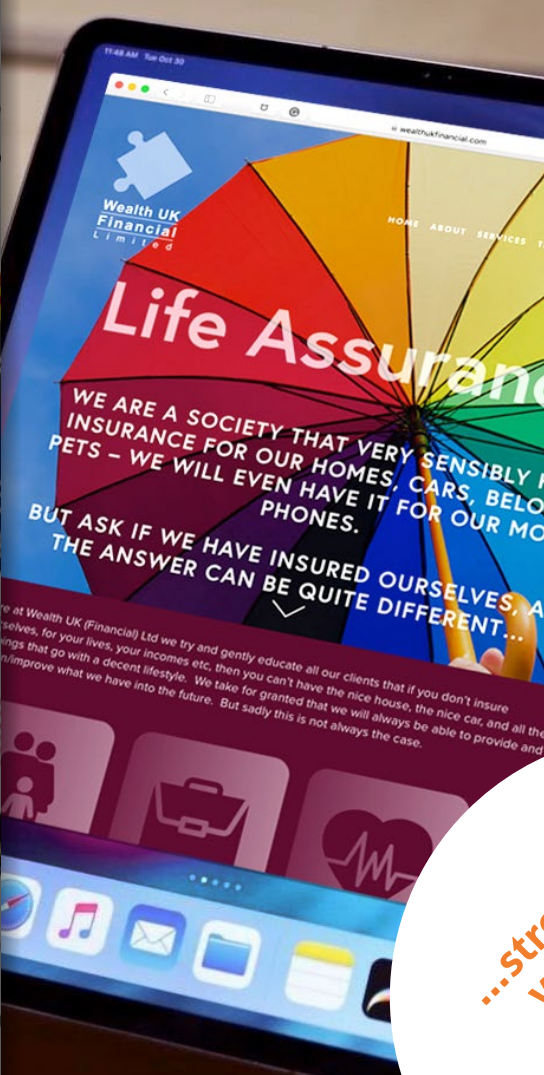

...adds value to your brand

Items that we regularly produce include:

- Business cards
- Letterheads
- Brochures
- Leaflets
- Posters
- School prospectuses
- Promotional folders
- Annual reports
- Tender submissions

...strengthens
your on-line
presence

Digital media

At Bro we love designing for print, but design for screen and online is a discipline we continue to develop.

From a bespoke email signature graphic through to a responsive brochure website, we can create powerful, professional graphics that represent your business both on-screen and on-line.

Projects that we regularly get involved in include:

- Website design
- Email marketing
- On screen presentations
- User interface design
- Animated web banners
- Information graphics
- Animation wall graphics

Exhibition/Display

Making that first impression to a potential client, who's in a room surrounded by your competition can be a daunting task.

Worry not, at Bro we rise to the challenge, producing displays that add value to your brand and help you outshine the competition.

Exhibition displays come in so many forms – and we work with most of them, these include:

- Wall banners
- Flagpole banners
- Roller banners
- On screen presentations
- Pop up displays
- Shell scheme graphics
- Animation walls
- Bespoke exhibition displays

...projects your brand

Signage

From a name plaque on a door to a full building, internal and external signage fit-out, we can facilitate the whole process.

CNC routing and large format, flat bed printing allows us be more creative with our signage solutions. For even more impact, we can introduce LED back lighting to your signage.

Projects that we regularly get involved in include:

- Aluminium sign trays
- LED Illuminated panels
- Built up lettering
- Directional signage
- Window graphics
- Internal wall graphics
- Vehicle livery

...gets you noticed

Thanks for taking a look
through our little book.

If you liked what you
saw and are interested in
discussing how we could
work with you, then please
get in touch.
